TECHNICAL EXPERTIES

JAVA 8

Spring AOP

Spring MVC

Hibernate

Java Script jQuery

Maven

Spring Boot

Mongo DB

Micro Services

REST API

EDUCATION

08/2010-05/2014

B. Tech

Computer Science & Engineering

SOA University (ITER)

CGPA- 8.46

PROFESSIONAL PROFILE

I have 4 years of experience in writing reusable code with plug-n-play architecture using multi-threading and different types of data structures (e.g. queue, stack, tree and linked list). I love to play with key architectural challenges of the products in terms of application performance and scalability, looking forward to work on analytics and application infrastructure as well.

HERE TECHNOLOGIES

Software Engineer
03/2017 – present

Key Result Areas:

- Writing maintainable/scalable/efficient code.
- Collaborating with peers during entire Software Development Life Cycle.
- Developing micro services using updated technologies, followed by Design patterns, better coding standards, unit-testing and code reviews.

Highlights:

- Automated the Wide area review task.
- Intelligently handled the sampling process from the system side.
- Improved the performance of a particular service, that can handle 1.8 Billion requests per day.
- Created a custom annotation that can be used in multiple methods, using Spring AOP.

ZYCUS INFO TECH PVT LTD

Associate Software Engineer
06/2014 - 03/2017

- Introduced time zone though out the product
- Improved performance of the queries up to 800%
- Handled all the scheduling activity
- Worked on bulk update activity

Achievements

- Learn fast employee in Here Technology of the month in Jun 2017
- Most Promising Employee in Zycus (JAN 2015, MARCH 2016)
- Second position in Zycus Hackathon (DEC 2015)
